Amara Consulting and Technology LLC

CAPABILITY STATEMENT · Amara Government Services · amarainnovate.com

Amara Consulting and Technology LLC is a Florida small business that helps federal, state, and local government organizations and health organizations adopt AI responsibly: from AI strategy and governance through data, architecture, and PMP-disciplined delivery. The firm is led by a PMP-certified principal with a Public Trust clearance with experience since 2002, including health IT integration and public-sector program work.

CORE COMPETENCIES

- **Enterprise AI strategy and roadmaps:** readiness assessments, use-case discovery and prioritization, value cases, adoption roadmaps.
- **AI/ML governance and responsible AI:** AI policy, use-case inventory and intake, impact and risk assessments, human-oversight controls aligned to the NIST AI RMF and OMB AI memoranda.
- **AI/ML solution design:** generative AI, retrieval, and agentic workflow design, model evaluation, vendor-agnostic architecture.
- **Data strategy and analytics:** data governance, data quality frameworks, analytics that make data AI-ready.
- **IT modernization advisory:** enterprise architecture, technology roadmaps, portfolio rationalization, change management.
- **Program and project management (PMP):** PMO stand-up, integrated schedules, risk and issue management, Agile or hybrid governance.
- **Health IT:** EHR and clinical-system integration, including HL7 and FHIR interfaces.
- **AI workforce enablement:** AI literacy, role-based training, adoption playbooks.

DIFFERENTIATORS

- **Principal-led delivery.** The PMP-certified, Public Trust-cleared principal who scopes the work also leads it.
- **Government-side perspective.** Current support to the DC Office of Contracting and Procurement (local government).
- **Governance built in.** AI work paired with documented risk controls, evidence, and auditability.
- **Vendor-agnostic and teaming-ready.** No product to resell; open to teaming with primes and small businesses.

FRAMEWORKS WE APPLY

NIST AI RMF 1.0 and Generative AI Profile (NIST AI 600-1) · OMB AI memoranda · NIST SP 800-218 SSDF · Zero Trust · Federal Data Strategy and Evidence Act · PMI/PMBOK and Agile · Section 508
